STEP 3: Prepare your needles. Starting on the left side of the wallet, begin with your needle in the bottom stitching hole. Begin to saddle stitch all the way up the left side. When you reach the top, back stitch twice. Pull both needles through to one side, snip and carefully burn threads.

STEP 4: Repeat step 3 on the right side of the wallet. Starting with your needle in the very bottom hole of the right side seam, begin to saddle stitch up the left side of the wallet. When you reach the top hole, back stitch. Pull both needles through to the same side as in step 3. Snip and carefully burn threads.
